Narrative: The comp landlord changed the locks to the back exterior door. The only way to access the comp unit is to use the back door to a common stairwell. The landlord did not give the comp notice that he was doing this and did not give him a key to the new lock. The comp has not been evicted, but expects to be after allowing building inspectors into the residence. The comp believes this upset the landlord and that is why he changed the locks. Multiple violations were found
